## SECTION 1 – INTRODUCTION

### About This Provider Directory

This directory is current as of 3/28/2024. This provider directory lists in-network plan providers by county, according to the location where Dean Health Plan has approved them to provide services. Other types of plans may offer different provider options. See your member certificate if you are not sure which plan you have.

There are symbols that appear next to names listed in this provider directory. These symbols provide important information you will need when choosing a provider. Each page displays a key to explain what the symbols mean

### Go Online To Find a Provider

When you enroll as a Member you will choose a PCP to manage your health care. Your PCP evaluates your total health needs and provides personal medical care in one or more medical fields. Our PCPs are listed within this provider directory, or you can visit [deancare.com/newmember](https://deancare.com/newmember). There, you will find the most up-to-date listing of providers and information about finding and choosing your new PCP.

### Your Primary Care Provider (PCP)

When you enroll as a Member you will choose a PCP to manage your health care. Your PCP evaluates your total health needs and provides personal medical care in one or more medical fields. Our PCPs are listed within this provider directory, or you can visit [deancare.com/newmember](https://deancare.com/newmember). There, you will find the most up-to-date listing of providers and information about finding and choosing your new PCP.

### Changing Your PCP

You are free to switch to a different PCP at any time. If you are changing to another PCP within the same clinic, you may ask that clinic's staff for assistance. Otherwise you can change your PCP on DeanConnect (Dean Health Plan's member portal available on [deancare.com](https://deancare.com)) or call our Customer Care Center.

### Areas of Practice

PCPs generally focus on certain medical areas of practice and each area has its own benefits:

- Family medicine focuses on health care for the entire family. Some family medicine providers include obstetrics, which is the care of women during pregnancy and childbirth.
- Internal medicine focuses on adult medicine and the aging process (ages 18 and older). Some internal medicine providers have a particular focus on complex or multiple ongoing health conditions.
- Pediatrics focuses on childhood medicine and health care (up to age 17).

### Prior Authorization

You must get prior authorization from us before you receive certain services or procedures. If you fail to get Prior Authorization for any covered service which requires an authorization, you, the Member,

will be responsible for paying up to 100% of the total cost. Review the Member Guide on [deancare.com/members](https://deancare.com/members) to learn more about the prior authorization process.

You can also call our Customer Care Center at 800-279-1301 for more information. Refer to your member certificate and benefit summary for benefit limitations and coverage details.

### Get The Right Care

When you need care, first call your PCP or primary care clinic for an available appointment.

If your need is more immediate, urgent or emergency care may be appropriate.

- Urgent care is meant to treat medical problems sooner than a scheduled office visit. If urgent care is needed, go to an Urgent Care Clinic, which is generally open evenings and weekends.
- Emergency care is for illness or injuries that are life-threatening. In the case of an emergency, call 911 or go to the nearest emergency room.

Urgent care and emergency room copays are generally higher than office visit copays. Visit [deancare.com/rightcare](https://deancare.com/rightcare) for more details about getting the right care.

### Dean On Call

Have health questions or not sure if you need medical care? Call our free 24-hour nurse line at 800- 57-NURSE to speak with our exceptional registered nurses. Due to licensing laws, Dean On Call services are only available to Wisconsin residents.

### DeanConnect

Get online access to your plan information at any time. With DeanConnect, you can review your benefits, change your PCP and much more! Visit [deancare.com/newmember](https://deancare.com/newmember) to register today.

### Pharmacy

Our pharmacy page provides information about which medications are covered and what programs are available. Visit [deancare.com/pharmacy](https://deancare.com/pharmacy) to learn more and to search for a pharmacy near you.

## Dean Health Plan Customer Care Center

Toll-free: (800) 279-1301 (TTY: 711)

Monday - Thursday, 7:30 am - 5 pm Friday, 8 am - 4:30 pm

### We're Here To Help

Need help selecting a PCP or have other questions about your plan? Call our Customer Care Center at 800-279-1301. (TTY: 711).

**When scheduling appointments or elective procedures, you are strongly encouraged to contact us to verify whether your providers are in our network. This includes for example, your anesthesiologist, radiologist, pathologist, facility, clinic or laboratory. If your provider is out-of-network you will pay more for your care, such as higher copay, deductible and/or coinsurance amounts.**

**The information contained in this directory may change throughout the year. If you have questions about the providers in our network, please contact our Customer Care Center at 800-279-1301. They can help you find a network provider or explain the financial implications of seeking care outside of our network.**

Visit [deancare.com](http://deancare.com) to find more information about your health care coverage. You can even submit questions online to our Customer Care Center. For complete details about what's covered under your plan, please see your member certificate.

Our office is open to walk-ins from 8 am to 4 pm at 1277 Deming Way in Madison.

### How do I know whether to go to the Emergency Room or an Urgent Care Center?

An EMERGENCY is the sudden and unexpected onset of acute symptoms that would lead a reasonable person to seek immediate medical attention. Emergencies include: heart attacks, strokes, poisoning, loss of consciousness and loss of breathing. Network facilities should be used whenever possible when seeking emergency services. However, if you are unable to reach a network provider please go to the nearest medical facility.

URGENT CARE provides treatment that is needed sooner than a routine doctor's visit. Urgent care is not emergency care. Some examples of ailments treated by urgent care include: most broken bones, sprains, minor cuts, minor burns, most drug reactions and non-severe bleeding.

## Non-Discrimination & Language Assistance Access

For assistance understanding these materials in a language other than English, call 1-877-317-2410 (TTY: 711), and a Customer Care Center representative will assist you.

We comply with applicable Federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, sex, or religion. The Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, or religion.

We provide free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, or other formats).

We provide free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age,

disability, sex, or religion, you can file a grievance with the organization's Civil Rights Coordinator. If you need help filing a grievance, the Civil Rights Coordinator for the Health Plan is available to help you. You can file a written grievance in person, by mail, or by email at:
