2025 Provider Directory

**Dean Health Plan – Medica West
and Mayo Clinic Health System**

FINDING A PROVIDER

Is quick and easy

To view the most up-to-date listing visit DeanCare.com. Follow the simple steps below to search for a provider or hospital and look up contact information.

1. Go to DeanCare.com/Doctors
2. Under "Select Plan Type",
select "State of WI Medica West and Mayo Clinic Health System"
3. Search by specialty, name, location, gender and/or language

Monday - Thursday, 7:30 am - 5 pm | Friday, 8 am - 4:30 pm

SECTION 1 – INTRODUCTION

About This Provider Directory

This directory is current as of 9/17/2024. This provider directory lists in-network plan providers by county, according to the location where they have been approved to provide services to members. Other types of plans may offer different provider options. See your member certificate if you are not sure which plan you have. Please note the symbols that appear next to names listed in this provider directory. Each page displays a key to explain what the symbols mean.

Go Online To Find a Provider

Although this provider directory is accurate at the time of printing, some changes may have happened. Find our most up-to-date listing of providers online at deancare.com/doctors to search by name, specialty, location and more.

Your Primary Care Physician (PCP)

When you enroll as a Member you will choose a PCP to manage your health care. Your PCP evaluates your total health needs and provides personal medical care in one or more medical fields. Our PCPs are listed within this provider directory, or you can visit deancare.com/newmember. There, you will find the most up-to-date listing of providers and information about finding and choosing your new PCP.

Changing Your PCP

You are free to switch to a different PCP at any time. If you are changing to another PCP within the same clinic, you may ask that clinic's staff for assistance. Otherwise you can change your PCP on DeanConnect (Dean Health Plan's member portal available on deancare.com) or call our Member Services.

Areas of Practice

PCPs generally focus on certain medical areas of practice and each area has its own benefits:

- Family medicine (with or without obstetrics) focuses on health care for the entire family. Some Family Medicine providers include obstetrics, which is the care of women during pregnancy and childbirth.
- Internal medicine focuses on adult medicine and the aging process (ages 18 and older). Some Internal Medicine providers have a particular focus on complex or multiple ongoing health conditions.
- Pediatrics focuses on childhood medicine and health care (up to age 17).

Prior Authorization

You must get prior authorization from us before you receive certain services or procedures. If you fail to get Prior Authorization for any covered service which requires an authorization, you, the Member, will be responsible for paying up to 100% of the total cost. Review the Member Guide on deancare.com/members to learn more about the prior authorization process.

You can also call Member Services at 800-279-1301 for more information. Refer to your member certificate and benefit summary for benefit limitations and coverage details.

Get the Right Care

When you need medical care or preventive care, first call your primary care clinic for an available appointment. If your need is more immediate, you might consider urgent or emergency care.

- Urgent care is meant to treat medical problems sooner than a scheduled office visit, but higher copays are possible. If urgent care is needed, go to an Urgent Care Clinic, which is generally open evenings and weekends.
- Emergency care is for illness or injuries that are life-threatening and usually has the highest cost. In the case of an emergency, call 911 or go to the nearest hospital emergency room.

Visit deancare.com/rightcare for more details about getting the right care.

Nurse Advice Line

Have health questions or not sure if you need medical care? Call our free 24-hour nurse line at 800-57-NURSE to speak with our exceptional registered nurses. Due to licensing laws, the Nurse Advice Line services are only available to Wisconsin residents.

Mayo Clinic Primary Care On Demand*

Our new mobile app connects you to Mayo Clinic providers 24/7. Now offering on-demand visits for you and your family members ages 3 and older. Download the app at PrimaryCareOnDemand.MayoClinic.org to receive the medical care you need on your schedule.

* Available in Wisconsin, Minnesota, and Iowa.

Mayo Clinic Health System Patient Portal

Help manage your care with secure and convenient access to all your health information. To create a Mayo Clinic patient portal account go to mayoclinichealthsystem.org/patient-online-services or download the Mayo Clinic App from Google Play or the App Store.

Dean Health Plan by Medica Member Services

Toll-free: 800-279-1301 (TTY: 711)

Monday - Thursday, 7:30 am - 5 pm | Friday, 8 am - 4:30 pm

We're Here To Help

Need help selecting a PCP or have other questions about your plan? Call Member Services at 800-279-1301. (TTY: 711).

You are strongly encouraged to contact us to verify the status of the providers involved in your care including, for example, the anesthesiologist, radiologist, pathologist, facility, clinic or laboratory, when scheduling appointments or elective procedures to determine whether each provider is a participating or nonparticipating provider. Such information may assist in your selection of provider(s) and will likely affect the level of co-payment, deductible and amount of co-insurance applicable to the care you receive. The information contained in this directory may change during your plan year. Please contact 800-279-1301 to learn more about the participating providers in your network and the implications, including financial, if you decide to receive your care from nonparticipating providers.

For complete details about what's covered under your plan, please see your member certificate or call Member Services. Visit deancare.com/wi-employees to find even more information about your health care coverage with Dean Health Plan. You can even submit questions online to our Member Services.

How we choose physicians, providers, and hospitals for our networks

Quality of care

Before providers join our networks, we check to see that they have the appropriate education, licensure, and training to provide quality care.

While Dean Health Plan does not utilize specific quality, member satisfaction, cost-related or patient safety measures for selecting providers and hospitals to participate in our networks, we require that all providers meet our stringent credentialing standards, which include the verification of licensure, education, training, and malpractice and sanction history prior to joining our network. Ongoing quality monitoring of physicians and providers is accomplished by checking for licensure and other sanctions, and investigating, tracking, and trending member complaints about quality of care.

Location

Easy and prompt access to the care you need from wherever you are is important. That's why we work hard to include network providers in the areas we serve so that you can get the care you need from local doctors, hospitals and other health care professionals.

To help ensure that you can find the care you need, we consider the following:

- How far you have to travel to see a provider
- The number of available providers in your area
- The number of primary care physicians in your area accepting new patients
- The languages the providers speak
- How long it takes to make an appointment and see a provider
- How easily you can access routine, urgent and emergency care

We strive to ensure that all members have access to a physician or other health care professional within 30 minutes driving time or 30 miles from your home. If we are unable to achieve that we will work with you to find the nearest network provider to meet your needs.

Types of providers

To best meet your health care needs, our networks include a wide range of health care providers. They include:

- Primary care physicians, including family medicine, internal medicine, and pediatricians
- Specialists such as general surgeons, dermatologists and cardiologists
- Skilled nursing facilities and rehabilitation hospitals
- Acute care hospitals
- Behavioral health providers, including psychiatrists and therapists
- Diagnostic imaging centers

If you have questions about our networks, please call Dean Health Plan Member Services at 800-279-1301.

How do I know whether to go to the Emergency Room or an Urgent Care Center?

An EMERGENCY is the sudden and unexpected onset of conditions requiring immediate medical attention. Emergencies include: heart attacks, strokes, poisoning, loss of consciousness and loss of breathing. Plan facilities should be used whenever possible when seeking emergency room care.

URGENT CARE provides treatment that is needed sooner than a routine doctor's visit. Urgent care is not emergency care. Some examples of ailments treated by urgent care include: most broken bones, sprains, minor cuts, minor burns, most drug reactions and non-severe bleeding.

CONVENIENT CARE treats uncomplicated minor illnesses. Some examples of conditions treated under convenient care include: allergies, athlete's foot, bladder infections, seasonal flu symptoms, cold sores, ear infections, impetigo, insect bites, laryngitis, minor burns and rashes, minor sunburn, mononucleosis, pharyngitis, poison ivy, ringworm, sinus infections, sore throat, swimmer's ear and upper respiratory infections.

Non-Discrimination & Language Assistance Access

For assistance understanding these materials in a language other than English, call 1-877-317-2410 (TTY: 711), and a Customer Care Center representative will assist you.

We comply with applicable Federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, sex, or religion. The Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, or religion.

We provide free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, or other formats).

We provide free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age,

disability, sex, or religion, you can file a grievance with the organization's Civil Rights Coordinator. If you need help filing a grievance, the Civil Rights Coordinator for the Health Plan is available to help you. You can file a written grievance in person, by mail, or by email at:

Civil Rights Coordinator
1277 Deming Way
Madison, Wisconsin 53717
1-608-828-2216 (TTY: 711)
civilrightscordinator@deancare.com

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, by mail, or phone at:

U.S. Department of Health and Human Services
200 Independence Ave, SW
Room 509F, HHH Building
Washington, D.C. 20201

1-800-368-1019 or 1-800-537-7697 (TDD)

Complaint forms are available at

<http://www.hhs.gov/ocr/office/file/index.html>.
