Finding a Provider is Quick and Easy

To view the most up-to-date listing visit deancare.com. Follow the simple steps below to search for a provider or hospital and look up contact information.

1. Go to deancare.com/doctors

2. Under Dean Health Plan Product Type, select BadgerCare Plus/Medicaid

3. Search by specialty, name, location, gender and/or language

- BadgerCare Plus members may visit providers in any part of the Dean Health Plan service area.

- BadgerCare Plus members must reside in one of the nine core BadgerCare-designated counties within the Dean Health Plan service area.

SECTION 1 – INTRODUCTION

About This Provider Directory

This directory is current as of 10/28/2022. This provider directory lists in-network plan providers by county, according to the location where Dean Health Plan has approved them to provide services. Other types of plans may offer different provider options. See your member certificate if you are not sure which plan you have.

There are symbols that appear next to names listed in this provider directory. These symbols provide important information you will need when choosing a provider. Each page displays a key to explain what the symbols mean.

Go Online To Find a Provider

Although this provider directory was accurate at the time it was printed the provider network may have changed. You should confirm our network providers before you seek care. You can do this by viewing our online provider directory at deancare.com/doctors. You can search by name, specialty, location and more.

Your Primary Care Provider (PCP)

Creating a strong, trusting relationship with your PCP is an important part of Dean’s preventive care philosophy. Find our wide selection of PCPs within this provider directory. You can also visit deancare.com/newmember for the most up-to-date listing of providers and view our Tips for Choosing a Primary Care Provider.

Changing Your PCP

You are free to switch to a different PCP at any time. If you are changing to another PCP within the same clinic, you may ask that clinic’s staff for assistance. Otherwise you can change your PCP on DeanConnect (Dean Health Plan’s member portal available on deancare.com) or call our Customer Care Center.

Areas of Practice

PCPs generally focus on certain medical areas of practice and each area has its own benefits:

- Family medicine focuses on health care for the entire family. Some family medicine providers include obstetrics, which is the care of women during pregnancy and childbirth.
- Internal medicine focuses on adult medicine and the aging process (ages 18 and older). Some internal medicine providers have a particular focus on complex or multiple ongoing health conditions.
- Pediatrics focuses on childhood medicine and health care (up to age 17).

Find Information Online

For more information on how Dean Health Plan can help keep you healthy and to view our many online educational resources, visit deancare.com/badgercare.

Clinic Hours

Generally, clinic hours are Monday through Friday, 8 am to 5 pm. Please contact the individual clinics for specific hours of operation.

Emergency Care

If you need emergency care go to a Dean Health Plan provider for help if you can. But, if the emergency is severe, go to the nearest medical facility. Remember that hospital emergency rooms are for true emergencies only.

Urgent Care

If you need urgent care such as treatment for a minor cut or broken bone, you should go to the nearest Dean Health Plan provider.

Dean On Call

Have health questions or not sure if you need medical care? Call our free 24-hour nurse line at 800-57-NURSE to speak with our exceptional registered nurses. Due to licensing laws, Dean On Call services are only available to Wisconsin residents.

Services Provided to Children

Most internal medicine providers do not treat children. If you have specific questions, please contact the provider’s office directly.

We’re Here To Help

Need help selecting a PCP or have other questions about your plan? Call our Customer Care Center at 800-279-1301. (TTY: 711).

When scheduling appointments or elective procedures, you are strongly encouraged to contact us to verify whether your providers are in our network. This includes for example, your anesthesiologist, radiologist, pathologist, facility, clinic or laboratory. If your provider is out-of-network you will pay more for your care, such as higher copay, deductible and/or coinsurance amounts.

The information contained in this directory may change throughout the year. If you have questions about the providers in our network, please contact our Customer Care Center at 800-279-1301. They can help you find a network provider or explain the financial implications of seeking care outside of our network.

Visit deancare.com to find more information about your health care coverage. You can even submit questions online to our Customer Care Center. For complete details about what’s covered under you plan, please see your member certificate.

Our office is open to walk-ins from 8 am to 4 pm at 1277 Deming Way in Madison.
How do I know whether to go to the Emergency Room or an Urgent Care Center?

An EMERGENCY is the sudden and unexpected onset of acute symptoms that would lead a reasonable person to seek immediate medical attention. Emergencies include: heart attacks, strokes, poisoning, loss of consciousness and loss of breathing. Network facilities should be used whenever possible when seeking emergency services. However, if you are unable to reach a network provider please go to the nearest medical facility.

URGENT CARE provides treatment that is needed sooner than a routine doctor’s visit. Urgent care is not emergency care. Some examples of ailments treated by urgent care include: most broken bones, sprains, minor cuts, minor burns, most drug reactions and non-severe bleeding.
### SECTION 2 – LIST OF NETWORK PROVIDERS

#### Primary Care Providers

Number of contracted primary care providers: 1536

Non-Discrimination & Language Assistance Access

For assistance understanding these materials in a language other than English, call 1-877-317-2410 (TTY: 711), and a Customer Care Center representative will assist you.

We comply with applicable Federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, sex, or religion. The Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, or religion.

We provide free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, or other formats).

We provide free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, or religion, you can file a grievance with the organization’s Civil Rights Coordinator. If you need help filing a grievance, the Civil Rights Coordinator for the Health Plan is available to help you. You can file a written grievance in person, by mail, or by email at:

Civil Rights Coordinator
1277 Deming Way
Madison, Wisconsin 53717
1-608-828-2216 (TTY: 711)
civilrightscoordinator@deancare.com

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, by mail, or phone at:

U.S. Department of Health and Human Services
Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019 or 1-800-537-7697 (TDD)

For help to translate or understand this or other documents, please call 1-877-317-2410 (TTY: 711).

Stay connected to your Primary Care Provider and stay healthy.

- **Women over 50 should get a mammogram at least once every other year.** Mammograms can save lives by finding breast cancer early. They are quick, easy and safe.

- **If you are diabetic, you should get your HbA1c and LDL tested at least once a year.** Diabetes is a common disease, yet every individual needs unique care. It is very important to stay connected to your doctor so he or she can monitor your blood sugar (HbA1c) and cholesterol (LDL).

- **Alcohol and drug dependence/addiction is serious, but treatable.** It is very important to follow your doctor’s treatment recommendations or seek help if you have questions or concerns.

- **Know your care options.** It is important to call your Primary Care Provider (PCP) first to manage your health care needs. Your PCP may suggest Urgent Care if you need care sooner than a scheduled office visit. If you need urgent care, go to a Dean Health Plan provider for help, if possible. If the emergency is severe, go to the nearest provider (hospital, doctor or clinic). If you cannot safely travel, call 911, your local police or fire department emergency services. **Remember, use the emergency room only when it’s necessary.**

- **Depression is a serious medical condition. Medication can be an important part of treatment for ongoing depression.** It is more than just a temporary mood of feeling sad or blue. It can significantly affect your thoughts, feelings, behaviors, mood and even physical health.

- **If you are hospitalized for any reason, including for mental health reasons, it is very important to follow up with your doctor for ongoing treatment recommendations.**

- **Immunizations (shots) are safe and effective, and can save your family time and money.** A child with a preventable illness can be kept out of schools or daycare. An extended illness can cause money troubles because of lost time at work, medical bills or long-term disability care. Keep your children healthy with the immunizations they need. Make sure children get DTaP, influenza, polio, hepatitis B, MMR and varicella immunizations before they turn two years old.

- **Early and regular prenatal care is vital to the health of both mother and baby.** Babies of mothers who do not get prenatal care are three times more likely to have a low birth weight and five times more likely to die than those born to mothers who do get care. Contact your doctor as soon as you believe you are pregnant. **After delivery, taking care of yourself is an essential part of postpartum care.** Schedule your postpartum exam for three to eight weeks after the delivery of your baby.

- **Studies show that users of tobacco products are more successful at quitting when both counseling and prescription help are used.** Talk to your doctor about options to quit or contact the WI QuitLine (800-QUITNOW) for live phone coaching and medication assistance.
Dean Health Plan is a qualified health plan issuer in the Health Insurance Marketplace.
